Research Notes

Additional Information: This pieced was purchased as part of a set at a live auction at the Fall North West Fabric Study group in Shipshewana, IN. The lot was \$175 and included items 596, 597, 598, 599 and some ephemera. The donor to the autction is unknown. The pieces and ephemera are from Betty Harrigan's fabric collection.

The long strip is 3" wide. It is hand stitched to join ends of the subunit strips. The seam is at 45 degree angle to the strip. It appears that some one has more recently hemmed the edges of the strip with a machine.
